## THE COMPANY

Incorporated in the year 2001, at Kolkata, West Bengal, India, we, "Sarkar Gas Servicing Centre," are a reputed and reliable Service providers engaged in offering Kitchen Set Up Services. We assist our clients right from the stage of designing to the selection of equipment, accessories as well as installation of these devices. Our expertise also lies in providing maintenance and repairing services for the LPG Pipe Lines. We make sure that these services are rendered as per the specification and details provided by the client.

In addition to the above mentioned services, we are also engaged in manufacturing and supplying LPG Corrugation Burners that are fabricated by utilizing latest technology. These meet the defined industrial standards and are suitable for gas operated heating systems. Owing to their long lasting reliable performance, these are widely demanded in the market.
